SUBJECT INDEX
Advances in Nursing Science
Volume 11

A

Abandonment
Abandonment of clients by home health nursing agencies: An ethical analysis of the dilemma. (Reckling) 1989;11(3):70-81.

Adaptation
The hardiness characteristic: A motivating factor in adaptation. (Pollock) 1989;11(2):53-62.
Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12-28.

Adolescence
Life style and patterns of health and social behavior in high-risk adolescents. (Kulbok, Earls, and Montgomery) 1988;11(1):22-35.
Orem's model used for health promotion: Directions for research. (Denyes) 1988;11(1):13-21.

Adult health
Health-promoting life styles of older adults: Comparisons with young and middle adults, correlates and patterns. (Walker, Volkan, Sechrist, and Pender) 1988;11(1):76-90.

AIDS
Fear of contagion: A stress response to AIDS. (Meisenhelder and LaCharite) 1989;11(2):29-38.

B

Body weight
Knowing what to weigh: Women's self-care activities related to weight. (Allan) 1988;11(1):47-60.

Burnout
Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12-28.

C

Caregiving
Stress on caregivers of the elderly: A model of competing demands. (Bunting) 1989;11(2):63-73.

Caring
A new perspective on nursing and caring in a corporate context. (MacPherson) 1989;11(4):32-39.
Toward a theory of nursing ethics. (Fry) 1989;11(4):9-22.

Child health
The stress-coping process in school-age children: Gaps in the knowledge needed for health promotion. (Ryan) 1988;11(1):1-12.

Clinical practice
Clinical nurses' ethical decision making in situations of informed consent. (Davis) 1989;11(3):63-69.
Hallmarks of success in nursing practice. (Fawcett and Carino) 1989;11(4):1-8.

Contagion
Fear of contagion: A stress response to AIDS. (Meisenhelder and LaCharite) 1989;11(2):29-38.

Coping
Alternative explanations of coping with stressful experiences associated with physical illness. (Johnson and Lauver) 1989;11(2):39-52.

Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12-28.
The stress-coping process in school-age children: Gaps in the knowledge needed for health promotion. (Ryan) 1988;11(1):1-12.

Corporatization
A new perspective on nursing and caring in a corporate context. (MacPherson) 1989;11(4):32-39.

Critical theory
A critical social reconceptualization of environment in nursing: Implications for methodology. (Stevens) 1989;11(4):56-68.

D

Decision making
Abandonment of clients by home health nursing agencies: An ethical analysis of the dilemma. (Reckling) 1989;11(3):70-81.
Clinical nurses' ethical decision making in situations of informed consent. (Davis) 1989;11(3):63-69.

Dialectics
Nursing, education, and sterile ethical fields. (Hedin) 1989;11(3):43-52.

Disintegrity
Perceptions of life-pattern disintegrity as a link in the relationship between stress and illness. (Dixon, Dixon, and Spinner) 1989;11(2):1-11.

E

Education
Feminist pedagogy: Nurturing the ethical ideal. (Crowley) 1989;11(3):53-61.
Nursing, education, and sterile ethical fields. (Hedin) 1989;11(3):43-52.

Elderly
Health-promoting life styles of older adults: Comparisons with young and middle adults, correlates and patterns. (Walker, Volkan, Sechrist, and Pender) 1989;11(1):76-90.
Stress on caregivers of the elderly: A model of competing demands. (Bunting) 1989;11(2):63-73.

Environment
A critical social reconceptualization of environment in nursing: Implications for methodology. (Stevens) 1989;11(4):56-68.

Ethical issues (11:3)
Abandonment of clients by home health nursing agencies: An ethical analysis of the dilemma. (Reckling) 1989;11(3):70-81.
Analysis of the claim to a distinct nursing ethic: Normative and nonnormative approaches. (Twomey) 1989;11(3):25-32.
Clinical nurses' ethical decision making in situations of informed consent. (Davis) 1989;11(3):63-69.
Ethical inquiry and the concept of research. (Jameton and Fowler) 1989;11(3):11-24.
Feminist pedagogy: Nurturing the ethical ideal. (Crowley) 1989;11(3):53-61.
Nursing, education, and sterile ethical fields. (Hedin) 1989;11(3):43-52.
Nursing theorizing as an ethical behavior. (Reed) 1989;11(3):1-9.
Integration of nursing theory and nursing ethics. (Yeo) 1989;11(3):33-42.

Ethics
A new perspective on nursing and caring in a corporate context. (MacPherson) 1989;11(4):32-39.
Toward a theory of nursing ethics. (Fry) 1989;11(4):9-22.

F

Fear
Fear of contagion: A stress response to AIDS. (Meisenhelder and LaCharite) 1989;11(2):29-38.

Feminism
Feminist pedagogy: Nurturing the ethical ideal. (Crowley) 1989;11(3):53-61.

H

Hardiness
The hardiness characteristic: A motivating factor in adaptation. (Pollock) 1989;11(2):53-62.

Health
Health within illness: Conceptual evolution and practice possibilities. (Moch) 1989;11(4):23-31.
Nursing theorizing as an ethical behavior. (Reed) 1989;11(3):1-9.

Health care system
A new perspective on nursing and caring in a corporate context. (MacPherson) 1989;11(4):32-39.

Health promotion research (11:1)
Being healthy: Women's images. (Woods, Laffrey, Duffy, Lentz, Mitchell, Taylor, and Cowan) 1988;11(1):36-46.
Health-promoting life styles of older adults: Comparisons with young and middle adults, correlates and patterns. (Walker, Volkan, Sechrist, and Pender) 1988;11(1):76-90.
Knowing what to weigh: Women's self-care activities related to weight. (Allan) 1988;11(1):47-60.
Life style and patterns of health and social behavior in high-risk adolescents. (Kulbok, Earls, and Montgomery) 1988;11(1):22-35.

Orem's model used for health promotion: Directions for research. (Denyes) 1988;11(1):13–21.
Retaining qualitative validity while gaining quantitative reliability and validity: Development of the Transition to Parenthood Concerns Scale. (Imle and Atwood) 1988;11(1):61–75.
The stress-coping process in school-age children: Gaps in the knowledge needed for health promotion. (Ryan) 1988;11(1):1–12.

Heart disease
Social support and psychological adjustment to chronic coronary heart disease: Operationalization of Johnson's Behavioral Systems Model. (Riegel) 1989; 11(2):74–84.

Hermeneutics
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69–77.

Home health care
Abandonment of clients by home health nursing agencies: An ethical analysis of the dilemma. (Reckling) 1989;11(3):70–81.

I

Illness
Health within illness: Conceptual evolution and practice possibilities. (Moch) 1989;11(4):23–31.

Illness and Stress (11:2)
Alternative explanations of coping with stressful experiences associated with physical illness. (Johnson and Lauver) 1989;11(2):39–52.
Fear of contagion: A stress response to AIDS. (Meisenhelder and LaCharite) 1989;11(2):29–38.
The hardiness characteristic: A motivating factor in adaptation. (Pollock) 1989;11(2):53–62.
Perceptions of life-pattern disintegrity as a link in the relationship between stress and illness. (Dixon, Dixon, and Spinner) 1989;11(2):1–11.
Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12–28.
Social support and psychological adjustment to chronic coronary heart disease: Operationalization of Johnson's Behavioral Systems Model. (Riegel) 1989; 11(2):74–84.
Stress on caregivers of the elderly: A model of competing demands. (Bunting) 1989;11(2):63–73.

Integrity
Perceptions of life-pattern disintegrity as a link in the relationship between stress and illness. (Dixon, Dixon, and Spinner) 1989;11(2):1–11.

Intensive care
Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12–28.

Informed consent
Clinical nurses' ethical decision making in situations of informed consent. (Davis) 1989;11(3):63–69.

Instrument development
Retaining qualitative validity while gaining quantitative reliability and validity: Development of the Transition to Parenthood Concerns Scale. (Imle and Atwood) 1988;11(1):61–75.
The stress-coping process in school-age children: Gaps in the knowledge needed for health promotion. (Ryan) 1988;11(1):1–12.

J

Johnson's Behavioral Systems Model
Social support and psychological adjustment to chronic coronary heart disease: Operationalization of Johnson's Behavioral Systems Model. (Riegel) 1989; 11(2):74–84.

L

Life style
Health-promoting life styles of older adults: Comparisons with young and middle adults, correlates and patterns. (Walker, Volkan, Sechrist, and Pender) 1989;11(1):76–90.
Life style and patterns of health and social behavior in high-risk adolescents. (Kulbok, Earls, and Montgomery) 1989;11(1):22–35.

M

Methodology
Ethical inquiry and the concept of research. (Jameton and Fowler) 1989;11(3):11–24.
Integration of nursing theory and nursing ethics. (Yeo) 1989;11(3):33–42.

Motivation
The hardiness characteristic: A motivating factor in adaptation. (Pollock) 1989;11(2):53–62.

N

Normative commitment
Nursing theorizing as an ethical behavior. (Reed) 1989;11(3):1–9.

Normative theory
Analysis of the claim to a distinct nursing ethic: Normative and nonnormative approaches. (Twomey) 1989; 11(3):25–32.

Nursing innovations (11:4)
A critical social reconceptualization of environment in nursing: Implications for methodology. (Stevens) 1989;11(4):56-68.
Hallmarks of success in nursing practice. (Fawcett and Carino) 1989;11(4):1-8.
Health within illness: Conceptual evolution and practice possibilities. (Moch) 1989;11(4):23-31.
A Heideggerian phenomenological perspective on the concept of the person. (Leonard) 1989;11(4):40-55.
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69-77.
A new perspective on nursing and caring in a corporate context. (MacPherson) 1989;11(4):32-39.
Toward a theory of nursing ethics. (Fry) 1989;11(4):9-22.

O

Occupational stress
Fear of contagion: A stress response to AIDS. (Meisenhelder and LaCharite) 1989;11(2):29-38.
Reviewing nursing stress according to a proposed coping/adaptation framework. (Harris) 1989;11(2):12-28.

Orem
Orem's model used for health promotion: Directions for research. (Denyes) 1989;11(1):13-21.
Stress on caregivers of the elderly: A model of competing demands. (Bunting) 1989;11(2):63-73.

P

Paradigms
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69-77.

Parenting
Retaining qualitative validity while gaining quantitative reliability and validity: Development of the Transition to Parenthood Concerns Scale. (Imle and Atwood) 1988;11(1):61-75.

Path analysis
Perceptions of life-pattern disintegrity as a link in the relationship between stress and illness. (Dixon, Dixon, and Spinner) 1989;11(2):1-11.

Patterns
Life style and patterns of health and social behavior in high-risk adolescents. (Kulbok, Earls, and Montgomery) 1988;11(1):22-35.
Perceptions of life-pattern disintegrity as a link in the relationship between stress and illness. (Dixon, Dixon, and Spinner) 1989;11(2):1-11.

Person
A Heideggerian phenomenological perspective on the concept of the person. (Leonard) 1989;11(4):40-55.

Phenomenology
A Heideggerian phenomenological perspective on the concept of the person. (Leonard) 1989;11(4):40-55.
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69-77.

Positivism
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69-77.

Poststructuralism
The necessity for and evolution of multiple paradigms for nursing research: A poststructuralist perspective. (Dzurec) 1989;11(4):69-77.

R

Reliability
Retaining qualitative validity while gaining quantitative reliability and validity: Development of the Transition to Parenthood Concerns Scale. (Imle and Atwood) 1989;11(1):61-75.

Research
Ethical inquiry and the concept of research. (Jameton and Fowler) 1989;11(3):11-24.

S

Scholarship
Ethical inquiry and the concept of research. (Jameton and Fowler) 1989;11(3):11-24.
Hallmarks of success in nursing practice. (Fawcett and Carino) 1989;11(4):1-8.

Self-care
Knowing what to weigh: Women's self-care activities related to weight. (Allan) 1989;11(1):47-60.
Orem's model used for health promotion: Directions for research. (Denyes) 1989;11(1):13-21.

Social support
Social support and psychological adjustment to chronic coronary heart disease: Operationalization of Johnson's Behavioral Systems Model. (Riegel) 1989; 11(2):74-84.

T

Theory development
Health within illness: Conceptual evolution and practice possibilities. (Moch) 1989;11(4):23-31.

Nursing theorizing as an ethical behavior. (Reed) 1989;11(3):1–9.
Toward increased integration of nursing theory and nursing ethics. (Yeo) 1989;11(3):33–42.
Toward a theory of nursing ethics. (Fry) 1989;11(4):9–22.

Theory testing
Alternative explanations of coping with stressful experiences associated with physical illness. (Johnson and Lauver) 1989;11(2):39–52.

V

Validity
Retaining qualitative validity while gaining quantitative reliability and validity: Development of the Transition to Parenthood Concerns Scale. (Imle and Atwood) 1989;11(1):61–75.

W

Women's health
Being healthy: Women's images. (Woods, Laffrey, Duffy, Lentz, Mitchell, Taylor, and Cowan) 1989;11(1):36–46.
